

Kyle Fauley, Sales Administration Manager – Playcraft Systems, a PlayCore company

Kyle is the Sales Administration Manager at Playcraft Systems, the largest West Coast playground manufacturer. His background includes over ten years of playground design, project management and community engagement. Kyle is a member of several state park societies and has recently become a Nevada Recreation and Parks member.

Through Kyle's time at Playcraft Systems, he has been involved with a variety of projects throughout the world. This wide dynamic of communities and work environments has not only helped him with his overall design philosophy but has grown his passion for this industry. Kyle's favorite part of the job is working with the local agency in creating an inclusive design that excites the neighboring community. He particularly enjoys working with military housing and installing playgrounds for children whose parent(s) may be overseas for months, if not years, at a time.

Kyle spends any free time with his family and is an outdoors enthusiast. It is not uncommon to find him hiking, rafting, or just enjoying a Saturday afternoon on his boat. He is also well known for his love of dogs, especially his three rescue dachshunds at home. Community is important to Kyle and he volunteers for a variety of organizations in his hometown.

Kyle looks forward to working with the community leaders throughout Nevada in creating their dream playground that will last for generations of play.

Kyle and Playcraft Systems are the current sponsor of the [Keynote Address at Conference 2021!](#)

NRPS is extremely grateful of his support to develop our community!
